Texas Ablaze is a revival crusade hosted by the South Texas District UPCI in partnership with the Texas District UPCI. Beginning with prayer focused on unity, this revival crusade includes [EQUIP Seminars](#) designed to empower the local churches to see immediate growth through practical training, evolves into ACTIVATE Crusades wherein these local churches collectively converge for massive soul winning efforts in their metro areas and is topped off by evangelistic saturation with revivals all across our state!

The potential is staggering; considering the size of Texas this could easily become the largest revival to sweep across the United States in many years. We believe God to do great things and encourage you to join us in this exciting adventure!

Texas Ablaze - a TEXAS sized revival!

The recent Austin EQUIP seminar was a huge success with over 130 pastors, ministers and saints in attendance. It was invigorating to see the transformation of lay ministers equipped to accomplish greater works in the kingdom!

*A snack will be served around 3pm, a late-breakfast or early-lunch is suggested before the seminar begins. There are many places to eat near the church for before/after seminar dining.
